SERVING CHILDREN, FAMILIES & COMMUNITIES

CHILD SAFEGUARDING STATEMENT

NATURE OF SERVICE

Fostering First Ireland (FFI) is an independent fostering agency offering fostering services across the Republic of Ireland. It has its head office in Dublin and is part of the Key Assets group of companies that operates in Europe, Australasia and North America. Key Assets' head office is in the United Kingdom.

The Director and administrative staff are based in the head office in Dublin. The Principal Social Workers, Team Managers and Link Social Workers are all based in the geographical areas in which they work. Other staff who have a national remit include the Education Liaison Officer, Children's Services Team, and Therapists, and they are based in various locations around the country.

The main business of FFI is to recruit, assess, train and support Foster Carers who can offer high quality placements for children referred by Tusla to the agency. As such FFI has a significant duty of care to, and contact with, the children and young people placed in FFI foster homes, including the birth children of foster carers.

FFI places children from age 0-18 in foster care placements, many of whom have suffered abuse and trauma and therefore have particular safeguarding needs. A significant number of the children placed have other special needs.

FFI also offers related services including Supported Lodgings and other specialised placements for children and young people. It also undertakes external fostering assessments and foster carer reviews for Tusla and other agencies and offers Link Social Work support to Tusla Foster Carers and to external agencies where children are placed with relatives.

PRINCIPLES TO SAFEGUARD CHILDREN FROM HARM

FFI is committed to safeguarding children from harm and has developed a Child Protection and Welfare Policy that is consistent with the Children First Act 2015 and the Children First: National Guidance for the Protection and Welfare of Children (2017)

As part of the commitment to safeguard children FFI has developed a set of guiding principles which informs all practices within the agency:

-  The best interests of the child are the paramount concern.
-  The safety and welfare of children is everyone's responsibility.
-  FFI honours the child's fundamental right to protection from exploitation, neglect, physical, emotional and sexual abuse.
-  FFI will take seriously and immediately report allegations or suspicions of abuse and neglect concerning children. Detailed procedures about how staff must respond to specific concerns are available and must be followed when applicable.
-  FFI will work in partnership with Tusla and other agencies to enable children to understand what abuse and neglect is and their right to be protected from harm.
-  FFI will remain open-minded in respect of allegations made by children, avoiding making assumptions about children, carers, parents or staff and ensure that matters are dealt with fairly and transparently.
-  FFI will cooperate with Tusla and other agencies in relation to sharing of information as appropriate and as specified by legislation and guidance.
-  FFI will ascertain the wishes and feelings of children in their care or with whom they work, inform them of their rights, help them put forward their views (using advocacy services if appropriate) and keep them fully informed.

- ♥ FFI will positively promote the needs of children and young people and will consider their ethnic origin, cultural background, religion, health, gender, sexual orientation/gender identity and special needs.
- ♥ FFI will pay particular attention to the needs of disabled children who are statistically at an increased risk of abuse and neglect.
- ♥ FFI will provide an effective complaints procedure for children and young people in foster care.
- ♥ Each young person placed with FFI will be provided with a Children’s Guide, which includes information about advocacy and support services.
- ♥ FFI will work in partnership with the families of children and young people who have suffered abuse and neglect and where appropriate support safe parenting within the family.
- ♥ FFI will ensure that confidential, detailed and accurate records of all safeguarding concerns are maintained and securely stored.
- ♥ FFI will provide high quality support and supervision to staff and Foster Carers to ensure that any safeguarding issues are identified and acted upon.
- ♥ FFI will use safe recruitment practices to prevent the employment of unsuitable individuals.
- ♥ FFI will use comprehensive assessment processes to assess the suitability of potential carers. This will include criminal and local area checks, references, and a quality home study which will include in depth scrutiny and analysis of the carers’ skills, abilities, emotional stability, and capacity to care for children with complex needs.
- ♥ FFI will provide Children First Training and Safeguarding training for all staff as part of their continuous professional development.
- ♥ Foster Carers will also receive Child Protection and Welfare training along with relevant information in the Foster Carer handbook.
- ♥ FFI will not enter into contractual obligations with relevant services unless satisfied that they are compliant with Children First Guidance.
- ♥ FFI will review their Child Protection and Welfare Policies and associated documents and practices every two years as a minimum

<p>Foster Carers may not recognise signs of abuse or risk of abuse.</p>	<p>All Foster Carers are issued with the Foster Carer Handbook when they are approved and this contains information about recognising abuse and its definitions.</p> <p>All Foster Carers have training in Children First and Safeguarding practices and this includes recognising potential abuse.</p> <p>FFI has policies and guidance in relation to: Child Sexual Exploitation, Missing Children, Bullying, Extremism and Radicalisation, Gang Activity and Honour Based Abuse. These form part of the Foster Carer Handbook which all Foster Carers are expected to read.</p> <p>All Foster Carers are part of the Carer Review process which specifically addresses their ability to keep children safe from harm.</p>
<p>Foster Carers may be unaware of their responsibilities, under the Children First Act and Children First Guidance 2017 and as mandated persons, to report abuse or concerns</p>	<p>Foster Carers receive training on the role and duties of mandated persons on a regular basis.</p> <p>Foster Carers receive Children First Training and Safeguarding Training so that they are aware of the signs and definitions of abuse.</p> <p>There is a Carer Review process that is designed to identify any shortfall in carers carrying out their duties and invites comments from children, Tusla Social Workers and Link Social Workers.</p>
<p>Personal sensitive information may be shared inappropriately in breach of Data Protection legislation and agency procedures</p>	<p>FFI has a clear policy in relation to photographing of foster children and the publication or uploading of images to any social media site is forbidden. <i>Photographing and Filming of Children Policy</i></p> <p>Foster Carers receive advice on the Photographing and Filming Policy in the Carer Handbook.</p> <p>Clear written consent is sought at the time of placement from the child's legal guardian for the type of photographing or filming allowed in relation to the particular child.</p> <p>FFI is compliant with the General Data Protection Regulation and, as such, utilises state of the art processes to keep personal data safe. This includes adhering to the principle of 'Data Protection by Design' and restricting access to personal data to a 'need-to-know' basis.</p>

PROCEDURES

Our Child Safeguarding Statement has been developed in line with the requirements under the Children First Act 2015, Children First Guidance 2017 and Tusla's Child Safeguarding: A Guide for Policy, Procedure and Practice. In addition to the procedures listed in our risk assessment, the following procedures support our intention to safeguard children while they are availing of our service:

- 🌈 Procedure for maintaining a list of the persons in FFI who are mandated persons
- 🌈 Appropriate training to ensure that all staff who are mandated persons, and Foster Carers understand their responsibilities
- 🌈 Procedure for appointing a relevant person under the Children First Act 2015
- 🌈 Procedure for Quality Assuring and checking all Foster Carer Assessments prior to presentation at the Tusla Foster Carer Committee
- 🌈 Procedure for preparing a Family Safe Care Plan
- 🌈 Procedure for Matching and Placements to ensure as far as possible that a child's needs are met in placement, including safeguarding needs.

All policies listed in this Child Safeguarding Statement and in the FFI Child Protection and Welfare Policy are available on request from the relevant person.

IMPLEMENTATION

FFI recognises that implementation is an ongoing process. Our Child Safeguarding Statement will be displayed in our offices, on our website and copies will be circulated to all staff and foster carers and relevant Tusla offices. Copies will be made available to members of the public on request. We are committed to keeping under review all procedures which keep children free from harm while availing of our services. This Child Safeguarding Statement will be reviewed on 20th January 2025 or as soon as practicable after there has been a material change in any matter to which the statement refers.
